

What: Charlotte ALA - Chapter Lunch Meeting

When: Wednesday, January 20, 2016
12 Noon – 2:00 p.m.

Where: Robinson Bradshaw, 101 North Tryon Street,
19th Floor

Join us for a very popular and informative session presented by Jeanne Schepisi of the **Seniors' Health Insurance Information Program (SHIIP)**, a division of the **North Carolina Department of Insurance**.

As we approach retirement age and/or are assisting family members, employees or friends navigating the options and important decisions surrounding Medical and Social Security, this program explains how SHIIP counsels Medicare beneficiaries and caregivers about Medicare, Medicare supplements, Medicare Advantage, Medicare Part D, and long-term care insurance. The counselors on the toll-free line offer free and unbiased information regarding the various Medicare health care products available in the marketplace. They also help people recognize and prevent Medicare billing errors and possible fraud and abuse through the NC SMP Program.

Since the program's creation in 1986, SHIIP has become a role model for other states and has received two national awards for "innovative" and "exemplary" service.
